Swearing-in ceremony held for Coffee County Commissioners

by Linda Hodge, Editor

Coffee County Commissioners accepted the oath of office for a new term Wednesday morning, Nov. 11, just prior to conducting their first meeting of the term.

County administrator Rod Morgan said the new term officially began Wednesday, Nov. 11, at 12:01 a.m. All seven incumbents returned to their respective seats on the Coffee County Commission.

After the swearing-in ceremony, conducted by Coffee County Probate Judge Jodee Thompson, the commissioners voted to re-appoint Dean Smith as the chairman for another year. At this point, Smith took over the meeting proceedings.

Commissioners voted to continue holding their meetings on the second and fourth Mondays of each month at 9 a.m. in the community room of the county complex in New Brockton.

County administrator Rod Morgan had several items for commissioners to consider during last Wednesday's meeting.

Morgan said the Ben E. Keith project had been awarded an \$820,000 ADECA grant for fire suppression and sewer upgrades for that project. He said local matching funds for this grant would be \$164,050.

Morgan said the New

Brockton would be participating in this project as well and would join the county in providing some of the local matching funds.

Commissioners voted to approve working with New Brockton to jointly provide the matching funds equaling \$164,050 on this ADECA grant.

Next, Morgan said the Coffee County Sheriff's Office had received a grant from ADECA in the amount of \$24,000 to go towards the purchase of a TruNarc narcotics scanner for that office. He said the total cost of the scanning system would be \$31,300.

Commissioners voted to supply \$7,300 for the purchase of the scanner on top of the \$24,000 grant monies.

Also, while discussing the sheriff's office, Morgan got approval from commissioners to deem several items from the sheriff's office as surplus items and sell those things through the appropriate channels.

Upon request of county engineer Marty Lentz, commissioners approved a bid for aluminized corrugated pipe to Gulf Atlantic Culvert Company. The total amount of this bid was \$22,213.72. Only one other bid was submitted; however, it did not meet all specifications.

Coffee County EMA director James Brown con-

tinued to encourage residents to "do the things we need to do to stay safe" amid the continuing COVID-19 pandemic. He said the daily numbers for new cases dance around, and while the two-week average for new cases in Coffee County [as of Wednesday, Nov. 11] was 16 per day, he noted that there had been 38 new cases identified on Tuesday, Nov. 10th alone.

"We have been hearing from ADPH [Alabama Department of Public Health] about a vaccine plan," Brown said. "They have been asking us about places to set up for vaccinations, and we have been working on that for them [for when the time comes]."

When a vaccine is available, Brown said there would need to be a push to get people to go and get it. He said only about 44 percent of Alabamians get even the flu shot, which has been around for many years.

"We are really going to have to push this to get people out there to feel like this is a good vaccine and go get it," Brown said. "The more people that do get the vaccine, the sooner we can get away from [COVID-19]."

The next Coffee County Commission meeting will be Monday, Nov. 23, at 9 a.m. in the community room of the county complex in New Brockton.

Coffee County Commissioners Tom Grimsley, Jimmy Jones, and Jim Thompson are shown here accepting the oath of office Wednesday morning, Nov. 11, for a new term as a member of the Coffee County Commission. The oath of office was administered by Coffee County Probate Judge Jodee Thompson.

Elba FY2021 city budget includes pay raises

by Linda Hodge, Editor

The Elba City Council approved the Fiscal Year 2021 budget during its meeting held Monday evening, Nov. 9, and included in that budget was pay raises for employees.

The budget estimates total operation revenues of \$3,845,220 for Fiscal Year 2021. That number is \$31,235 less than the actual operational revenues for Fiscal Year 2020, which was \$3,876,455. Projected operational expenses for FY2021 were \$3,432,000 up just over \$82,000 from the FY2020 expenditures of \$3,352,362.

Council members voted unanimously to approve the budget, in which Mayor Tom Maddox said had been discussed in length at a previous work session.

City clerk Sally Bane confirmed the budget included a pay raise for employees. She said the dispatchers at the Elba Police Department had already received a pay raise, and the new budget called for a \$1.50 per hour raise for police officers and a 50 cents per hour raise for all other city employees.

After approving the budget, Mayor Maddox asked the council to postpone the pay raises until the first pay period in December 2020 to allow the Elba Water and Electric Board to approve its budget at its next meeting (Nov. 30th). He said that way, all

The City of Elba's sewer project is currently underway. At the most recent city council meeting, assistant city clerk Pat Boothe said the contractor is using this sewer camera system in different areas of the city. Anyone with questions and/or concerns should call Pat Boothe or Sally Bane at (334) 897-2333.

pay raises for employees would coincide.

The council voted to approve this request by Mayor Maddox.

Also, during the Nov. 9th council meeting, bills totaling \$136,508.50 were approved for payment. The council reviewed the bills with the mayor pointing out and explaining several out-of-the-norm expenses prior to the council voting to approve the bills.

Upon recommendation of Elba Housing Authority di-

rector Laurie Chapman, the council approved re-appointing Tanya Cole to another term on the housing authority board. Her new term will expire Nov. 2025.

Due to the Thanksgiving holiday next week, the council voted to move its second November meeting to Monday, Nov. 30, at 5:30 p.m. at Elba City Hall. The Elba Water and Electric Board will meet for its monthly meeting immediately following the council meeting.

Coffee County proclaims Nov. 19-25 as Farm City Week

The Coffee County Commission passed proclamation Wednesday, Nov. 11, recognizing the week of Nov. 19-25 would be Farm City Week.

"For over 60 years during Thanksgiving week, the American people have observed National Farm-City Week to express gratitude for the bounty in which God has blessed our land and to recognize the achievements of the farmers, rural townspeople, and city residents who make our nation's agricultural production and distribution system so successful," said Coffee County Commission chairman Dean Smith as he read the proclamation.

The Coffee County Commission declared by virtue of its authority to proclaim the week of Nov. 19-25 as Alabama Farm-City Week. Smith said he calls upon all citizens in rural and cities alike to join in recognizing

the accomplishments of productive farmers and urban residents, who co-

operate to create abundance, wealth, and strength for the nation.

EDITORIAL

BRAINSTORMS

With Ferrin Cox

"The words of a president have an enormous weight and ought not be used indiscriminately" - Calvin Coolidge, or 'Silent Cal' former President of the United States.

A younger sister (a retired school teacher) said something in an e-mail exchange Saturday afternoon that should help anyone, of any political persuasion, worried about the state-of-the-nation - "The fact that jellyfish have survived for over 500 million years despite having no brains gives me hope for humanity's future." That little gal spent her childhood tormenting her older brother but has finally come up with something worth repeating.

We routinely get e-mails wanting political donations from Michigan, Georgia, Arizona, etc., but Saturday there was a new wrinkle on one of those spam mailings. It was titled "How the Bible Helps your Vision." Of course as a wearer of glasses, believer in the Bible, etc., our interest was perked up. However the next click got us this bold type message: "This Biblical Vision Breakthrough Democrats Don't Want You To See" and how it reduces dependence on glasses and contacts. Well folks, we instantly decided to find something else to do and just hit the delete button rather than click on the next button! Someone, or group, has hit a new low with us, mixing politics, the Bible and some sort of . . . whatever. It is surely not mainstream political advertising but confirms our long-held opinion that it takes all kinds to keep this ole world turning.

Many people are concerned over changing their Thanksgiving and Christmas traditions of large family gatherings due to the COVID-19 issues, as recommended by medical experts. They worry that - once broken, gone forever. We suggest they think in the opposite direction, "absence makes the heart fonder." Then next year, after COVID-19 has been brought under some measure of control - or maybe whipped completely - they can reconvene their traditional gatherings and maintain their health at the same time. After all, lots of folks who catch this elusive bug either die or suffer lingering health issues that compromise their quality of life. You could be exchanging a single family gathering for . . . your life/health or the life/health of a loved one. That would be a small price to pay.

It is refreshing to know that in spite of all the issues business and industry are facing this year, Dorsey Trailers, right here in Elba, Alabama, is actively seeking to hire up to 30 people in their trailer building business. They have two ads in this week's Elba Clipper wanting to hire additional plant workers immediately. Now, please don't head for the unemployment office contending you can't find a job! At least not until you have given this opportunity a shot at utilizing your skills.

Saturday came and went on a mid-season November day without a football game spotlighting Alabama, Auburn or Troy . . . and the sun came up on both Sunday AND Monday mornings! A person could say this is a good way to stabilize our lives, without a heart attack, family feud over the TV, or getting the car washed, etc.

Thanksgiving is probably Cuzin Lou Lou's favorite holiday. It is a time to reflect on the year and give thanks for all the blessings that have come to you.

While 2020 may not have been the best of years thanks to 'ole COVID-19 and all the changes it created, there are still many, many more things to be thankful for, and Cuzin Lou Lou plans to spend this Thanksgiving celebrating those things!

Another thing she plans to do [and does each and

every Thanksgiving] is eat too much food!

Thanksgiving Day is the one day each year that Cuzin Lou Lou absolutely loves to be in the kitchen preparing a bountiful meal... It is her day to celebrate the lessons she learned from Mama before she went to her heavenly home. Mama was an absolute genius in the kitchen, and Lou Lou is very thankful now that she paid enough attention to the lesson's Mama gave her to be able to carry on a little bit of that legacy.

It's has taken many years to get pretty good at making Mama's cornbread dressing, but even Sister gives Lou Lou props for fine-tuning and getting it right. Papa actually concurred, and when you get more than an "it was okay" from Papa, you have hit paydirt!

While thinking on this subject of Thanksgiving cooking and sharing special family traditions and recipes, Lou Lou decided to reach out to some of her friends and community leaders her in Yonder and asked them to share some of their favorites as well. These friends were more than willing to help Lou Lou out with her request, and now those special recipes are in today's paper for you to test out and enjoy yourself! Turn to Page 5 and let's make those shopping lists and get cooking! Those kitchens are going to be filled with pure yumminess this Thanksgiving!!

If you happen to see Lou Lou's pals around Yonder, be sure to thank them for sharing a bit of their home with us. Lou Lou can't wait to try these new recipes out herself!!

The gatherings may be smaller this year due to COVID-19, but that does not mean we have to avoid warming those ovens and enjoying some good eats Until next time...Keep Smiling and God Bless!

Healing Projects to Help You Cope with Grief

Different people cope with grief in different ways. One way you might consider channeling your bereaved emotions is through a hands-on project, something that lets you turn your negative feelings into something concrete and beautiful. A project can be immensely therapeutic, and it can help you effectively manage stress and anxiety.

There are many different projects you could take on. One common example is to plant a tree. Devote a warm Saturday morning to digging a hole and planting your sapling; devote this new life to the memory of your deceased loved one.

Creative expression can also be invaluable. Maybe this means writing a poem to honor your loved one. Maybe it means composing a song. Or maybe it means painting, drawing, or sculpting. There's no wrong answer here. The important thing is to find something that sounds fun and therapeutic to you.

Another option is to create a memory box. In it, you can place photos and mementos to help you keep your loved one's spirit near and dear. Memory boxes can be great places to store cremated remains and cremation keepsakes, too.

Note that some of these projects can be taken on solo, but others may be good group activities—allowing you and your family members to process grief together. The memory box idea can be a good one to do with kids, allowing them a tactile and creative way to remember their deceased loved one.

These projects can all be helpful for improving your mental and emotional health, and for giving you a constructive outlet for grief. Start thinking about a project you'd like to take on as you navigate this healing journey.

THANKSGIVING BY FAITH

"Giving thanks always **FOR** all things unto God and the Father in the name of our Lord Jesus Christ..." (Ephesians 5:20)

"IN every thing give thanks: for this is the will of God in Christ Jesus concerning you." (1 Thessalonians 5:18)

Henry Ward Beecher once wrote, "If one should give me a dish of sand, and tell me there were particles of iron in it, I might look for them with my eyes, and search for them with my clumsy fingers, and be unable to detect them; but let me take a magnet and sweep through it, and how it would draw to itself the almost invisible particles by the mere power of attraction! The unthankful heart, like my fingers in the sand, discovers no mercies; but let the thankful heart sweep through the day, and as the magnet finds the iron, so it will find in every hour some heavenly blessings; only the iron in God's sand is gold."

A young man named Charles was seeking God's will for his life. He felt the need for higher education, and following the advice of both friends and family, he applied and was granted an interview with the head of a local college. At the appointed time and place young Charles arrived and was seated in a waiting area. There he sat for two hours until at last his patience ran out. He called for the receptionist and was horrified to discover she had failed to announce his arrival. In fact, she had forgotten about him completely! Meanwhile the head of the college had sat waiting in an adjoining room until his patience too had been exhausted. Likely perturbed at being left waiting, the gentleman left for another city by train.

Charles was distraught. To calm his anxiety, he walked through the countryside in prayer. Suddenly a verse of Scripture came forcibly to his mind, "Seekest thou great things for thyself? Seek them not!" (Jeremiah 45:5). Charles felt impressed to simply accept the mishap as the will of God and trust God with his future. In the following years, Charles Spurgeon didn't make it to college; he was too busy becoming one of the most influential preachers in history. He later said, "a thousand times I have thanked the Lord for the strange providence which forced my steps into another and far better path."

There are times when it is so easy to see Romans 8:28 at work in our lives, "And we know that all things work together for good to them that love God, to them who are called according to his purpose." Then there are other times when we get lost in a fog of disappointment, discouragement, and despair.

Perhaps you are facing difficulties in life which make thankfulness challenging. You may not be able to say right now, "God I thank you **FOR** these things," but you can say, "God, I choose to thank you **THROUGH** these things." This is thanksgiving by faith.

Under Oath

"Do you swear to tell the truth, the whole truth, and nothing but the truth?" Nearly everyone is familiar with the courtroom question that places witnesses under oath. Unfortunately, what nearly everyone is also familiar with is that not all who take this solemn oath always tell the whole truth. Some commit the crime of perjury by lying on the witness stand.

As a prophet of the Lord, Micaiah was bound to be truthful. He was compelled by his own calling and integrity to say only what God told him. God cannot lie, and neither could Micaiah. It took great courage for Micaiah to tell King Ahab a truth he did not want to hear. And, it takes courage today to speak truth that one knows will not be well received. Jesus is the truth

[John 14:6], yet millions reject Him and His teachings. Many do not want to hear our personal testimony of the Savior and Lord we know, but we remain "under oath" to speak all the truth - warnings as well as promises - in love. Pray that God will make you a bold witness for Him. - R.W.B.

In the Spirit of THANKSGIVING...

Thanksgiving, celebrated the fourth Thursday each November, is a day for giving thanks and celebrating the sacrifice of the harvest. Families gather on this day and enjoy a bountiful meal as part of the Thanksgiving tradition. The Elba Clipper's Cuzin Lou Lou asked some of her friends and local leaders to share a few of their favorite recipes used at Thanksgiving... Enjoy!

Sandy Bynum is the executive director of the Elba Chamber of Commerce. She said one of her favorite recipes she uses at Thanksgiving is the Cheesy Corn Bake, which comes from her grandmother. "It is a delicious shoe peg corn from Mama Nette," Bynum said. "I usually at least double [the recipe]. I guess people didn't eat as much [back when]."

Cheesy Corn Bake (makes 6 servings)

- 2 Tablespoons Butter or Margarine
- 2 Tablespoons Flour
- ½ Teaspoon Salt
- ¼ Teaspoon Red Pepper Sauce
- ¼ Teaspoon Pepper
- ½ Cup of Milk
- ½ Cup Dairy Sour Cream
- 2 Cups Corn – White Shoe Peg (I use frozen)
- ½ Cup Shredded Swiss Cheese
- 1/3 Cup Buttered Bread Crumbs

Directions:

Heat Oven to 350 degrees.

Melt Butter in saucepan over low heat. Stir in flour, salt, pepper, and red pepper sauce. Cook over low heat, stirring constantly, until mixture is smooth and bubbly. Remove from heat, stir in milk and sour cream. Cook over low heat, stirring constantly, until sauce thickens (do not boil); stir in uncooked corn and cheese.

Spoon mixture into lightly greased 1 Quart casserole dish. Sprinkle with buttered bread crumbs. Bake 25 to 30 minutes.

Josh Mack is assistant chief for the Elba Volunteer Fire Department. He says his fried turkey recipe is "great for Thanksgiving or any other occasion with family and friends." Mack said the fried turkey is best served while it is still warm.

Fried Turkey

12-13 lb. Turkey

(Make sure the turkey is completely thawed! Set up the cooker in an open space outside – NOT under a shed or carport.)
Peanut Oil [preferred because of its heat capability]

Directions:

I usually inject my turkey with Tony Chachere's Creole Butter about an hour before cooking. Any leftover I just pour onto the turkey before I cook it. Heat the oil to 375 degrees. Slowly drop the turkey into the cooker using a basket or hook. Try to keep the cooking oil between 325-350 degrees while cooking. Cook the turkey for 3-5 minutes per pound. I usually do 4 minutes per pound [and add 5 minutes just to make sure].

Remove turkey and serve.

"Sister" from Cuzin Lou Lou's Tales. Pound cakes are a favorite of the Yonder crew, especially Cuzin Lou Lou. This scrumptious Sour Cream Pound Cake recipe was passed down to Sister from Mama – Mama was a fantastic cook, and each Thanksgiving both Sister and Cuzin Lou Lou are thankful for all the memories they have of growing up watching Mama work her magic in the kitchen.

Sour Cream Pound Cake

(Preheat oven to 325 degrees)

- 1 Cup Butter
- 2 Cups Sugar
- 3 Cups All-Purpose Flour (sift before measuring)
- ¼ Teaspoon Baking Soda
- A Pinch of Salt
- 6 Eggs
- 1 Teaspoon Vanilla Extract
- 8 Oz. of Sour Cream

Directions:

Cream the butter and sugar; then add eggs one at a time [beat one minute between each egg]. Sift flour, baking soda and salt twice. Also, a big thanks goes to Jim Cook of Cook Chevrolet for letting the scouts use his facilities for the car wash, as well as providing refreshments for the youngsters. Views From
The Pressbox

By Ricky Mularz, Sports Editor

I think our grandson Lawson got a little upset with his granddaddy during the week when he told me he wanted a new Nintendo Switch for Christmas so he could still play with one of the game systems while the other one was charging. I told him a better idea would be for him to go outside to ride his bike or play basketball while the game system was re-charging, and his response was silence. Oh well, I don't make many decisions anymore, anyway. So, I'd say the odds are good that Santa will probably find what he wants.

For what it is worth....

*** The Elba Lady Tigers suffered a rare blowout loss last week in their season opener as they failed to score from the floor in a shocking 35-9 loss to Enterprise. The fact the Lady Tigers lost wasn't really that much of a surprise, since Enterprise is a 7A school. However, the fact the Elba girls scored all nine points at the free-throw line was a shocker, and left Coach Shaun Hammonds shaking his head over his team's inability to run anything resembling an offensive set. A team is never really ready to play its first game, no matter how well things go in practice, and that fact reared its head again last week. No doubt the Elba coach got his players attention this week at practice!

*** The Brantley Bulldogs continued along their path to a possible state title berth last week with an easy 48-6 win over Keith. The Bulldogs jumped out to an early 21-0 lead and after that just kind of went through the motions as they advanced to third round action. The performance by the Bulldogs was far from their best, but it was more than good enough to dispose of the Bears and will give Coach Roland Jones plenty to talk about this week as they get ready for their third straight playoff game at home.

*** The second round of the state high school football playoffs is now in the books and it was a wild week across the state with three #3 seeds and three #4 seeds advancing to the quarterfinals. All eight #1 seeds advanced in Class 2A, while six top seeds moved on in Class 4A, and five #1 seeds moved on in classes 1A, 5A and 6A. There will a total of five rematches from regular season games this week, with both 7A semifinals being rematches with Central, of Phenix City battling Auburn in the South, and Thompson hosting Hoover in the North. The other rematches include #1 seed Piedmont vs. #4 seed Saks in Class 3A, #2 seed Faith vs. #3 seed UMS-Wright in Class 5A, and #1 seed Spanish Fort vs. #4 seed Blount in Class 6A. The third week of the playoffs should be quite a week!

In second round action last week * Slocomb ended its season with a 10-2 record after a 41-0 loss to Trinity * Eu-faula ended its second season in the 6A ranks with a 9-2 record after a 41-28 loss to Blount * Opp closed its season with an 8-4 record after a shutout loss to Montgomery Cath-olic 38-0 * Pike County saw its on and off season come to an end with a 28-6 loss to Montgomery Academy * Abbe-ville improved its record to 10-1 and advanced to the third round of the playoffs for the first time since way back in 1971 with a 56-34 shootout win over B.B. Comer * McKen-zie saw the clock strike midnight on its Cinderella season with a 50-13 loss to Linden * Geneva County saw its win-ning season end with a 26-16 loss to Leroy * G.W. Long was simply outmatched as it ended the season with a 9-2 record after a 37-3 loss to Lanett * and, Andalusia ended its season with an 8-4 record after a 28-21 loss to defending state champ Clay Central. The Bulldogs lost four games, but those four losses came to teams with a combined record of 40-6.

*** Most of the college football fans in the state had to settle for a second straight weekend of using the clicker to find something to watch on TV after both Alabama and Au-burn had their scheduled games postponed due to Covid-19 issues. The postponements mean both teams have had two weeks off as the season draws to an end, and the SEC is re-portedly having a hard time trying to figure whether or not to play the games in the few weeks left before the SEC title game. The season has been very different from the start, and it looks like to will be that way until a champion is crowned.

*** Ye Ole Polish Prognosticator dropped by over the weekend and said he was going to keep plodding along through the rest of the high school season and actually seemed a little excited about some of this week's games. He admitted that the days of finding a game to go to and then heading out are long since over, but did say this year's play-off match-ups are maybe the best in years, and then handed over this week's fearless forecast. Here goes....

BRANTLEY VS. MAPLESVILLE

The bulldogs from up above the creek have had fun every weekend all season chasing folks away from the pound and this week are determined to send some week late trick-or-treaters home empty-handed. The visitors may put up a fight for a while, but by the time the final horn sounds the dogs will be barking loud and celebrating another big win.

Coffee County Lake to close in December and January

The Coffee County Lake will be closed to the public for fishing during the months of December, 2020, and January, 2021, to allow for the annual re-stocking of fish and repairs to the dock, restroom and bait shop.

"There will be no fishing allowed at the lake during the two-month period to allow the fish that will be introduced into the lake sufficient time to become acclimated to the lake," said lake manager Ricky Mularz. "The two-month period is very important for the life cycle of the fish and the state has made it clear it is

Lady Tigers drop opener to Enterprise 35-9

The Elba Lady Tigers tipped off the basketball season last week with a trip to Enterprise and found the going a little too tough as they fell to the 7A Enterprise Wildcats 35-9.

Elba fell behind 9-0 in the first quarter before Makinna Gray put the Lady Tigers on the scoreboard with a pair of free throws, but the Lady Wildcats never lost their defensive grip on Elba and outscored the Lady Tigers 20-1 over the game's next two quarters to carry a lopsided 29-3 lead into the fourth quarter. Elba connected on 6 of 7 free throw opportunities in the final stanza, but it did little but change the final score as the Lady Tigers dropped their season opener 35-9.

Nina Williams scored 4 points to lead Elba, while NeNe Nelson scored 13 points to lead Enterprise.

The Brantley Bulldogs scored three first quarter touchdowns to take command early and never looked back Friday night as they strolled to a 48-6 second round 1A playoff win over the Keith Bears, at David Lowery Stadium, in Brantley.

Brantley began its initial possession of the night at its own 40-yardline after a short kickoff and wasted little time getting on the scoreboard as the Bulldogs went 60 yards in five plays to reach the endzone. A third down pass from Tucker Kilcrease to Khaliq Smith for 14-yards kept the drive alive early, while the score came on a 36-yard run by Robert Shine. Carson Jones kicked the extra-point, as Brantley went on top 7-0 with 10:40 left in the first quarter.

Brantley's lead grew to 14-0 only minutes later when Morell Edwards returned a Bears punt 59 yards for a Bulldog touchdown and Jones again added the extra-point, and then grew to 21-0 with 1:55 remaining in the quarter as the Bulldogs drove 71 yards in eight plays to get back into the endzone.

Tucker Kilcrease rushed once for 11 yards and completed three of seven passes for 74 yards to lead the Bulldogs down the field, with the touchdown coming on a 29-yard fourth down strike from Kilcrease to Kenuwyn Dixon.

The Brantley defense got in in the act for the game's next score when Daquan Pittman picked off a Keith pass and returned the interception 61 yards for a touchdown, and while the extra-point try sailed wide, the Bulldogs lead had grown to 27-0 with 10:50 left in the second quarter.

Brantley had a touchdown nullified on its next offensive series, but regained possession at the Keith 46-yardline on a fumble recovery by Walt Johnson, and needed only two plays to cover the distance to the endzone with the Bulldog touchdown coming on a 33-yard pass across the middle from Kilcrease to Pittman. Jones added the extra-point, and with 5:15 left in the half Brantley was in complete command with a 34-0 lead.

Brantley began its initial possession of the third quarter at its own 24-yardline and went 76 yards in 11 plays and overcame three penalties to add to its lead. Tucker Kilcrease rushed for 51 yards on three carries and scored the touchdown on a 6-yard dash up the middle, and Jones booted the extra-point as the Bulldogs lead grew to 41-0 with 3:30 remaining in the quarter.

Brantley's final scoring drive of the night covered 61 yards in five plays and reached the endzone on the first play of the fourth quarter on a 23-yard touchdown toss from Kilcrease to Morell Edwards. Carson Jones added his sixth extra-point of the game, and with 11:50 left in the final quarter the Bulldogs lead stood at 48-0.

The teams swapped fumbles on the game's next two possessions, with Brantley's Jontae Billips coming up with the turnover for the Bulldogs.

Keith got on the scoreboard with 6:20 left in the stanza on a 25-yard touchdown pass from Anthony Lumpkin to Jaylin Jones, but the late score only changed the numbers on the scoreboard as the Bulldogs easily held on to claim win #12 with the 48-6 playoff win.

Tucker Kilcrease rushed for 70 yards and one touchdown on six carries and completed 13 of 27 passes for 221 yards and three td's to spark the Brantley offense, while Robert Shine rushed for 73 yards and one td on nine carries, Daquan Pittman pulled in seven passes for 95 yards and one td, Khaliq Smith had two catches for 58 yards, Kenuwyn Dixon had two catches for 39 yards and one td, and Morell Edwards had one catch for 23 yards and one td and returned a punt 59 yards for a score.

Anthony Lumpkin completed 9 of 21 passes for 134 yards and one touchdown, with Jaylin Jones pulling in two passes for 50 yards and one td and Quintavis Woods rushing for 44 yards on 15 carries.

Maplesville, which owns state titles in 1996, 2014, 2015 and 2016, is actually 9-1 on the field, with one win and one loss coming by forfeit. The Red Devils have claimed wins over Highland Home 28-20, Billingsley 52-14, Loachapoka 35-0, Barbour County 1-0 (forfeit), Jemison 24-7, Notaulga 27-21, Verbena 56-16, Autaugaville 57-14, Samson 41-0 and Millry 48-14.
